

# Z908

## General Purpose Wax

### Features

1. Reliable Economic Printing Solution
2. Works well on Low-End Substrates
3. Good Scratch and Smear Resistance
4. Print speeds up to 8 ips

World's Only Vertically Integrated TTR Manufacturer

## Introduction

**Z908 General Purpose Wax Ribbon** offers our most economical thermal transfer printing solution while providing consistent performance on a wide variety of materials. Designed for barcode label and tag printing in the main stream “sweet-spot” of 4-8 inches per second, the **Z908** provides high optical density, moderate image durability, and allows printing at low print head energy heat settings on all popular thermal transfer printers. Z908 is a highly versatile ribbon which provides reliable printing performance on coated and uncoated labels and tags, and vellum materials found in today’s global world of thermal transfer materials. Ideal for competitively priced applications such as shipping, product identification, distribution, logistics and retail. Our proprietary anti-static back coating formulation dissipates static electricity and works to protect and extend the life of your valuable printheads.

# MOST ECONOMICAL WAX SOLUTION

# Z908 General Purpose Wax

## RIBBON PROPERTIES

TOTAL THICKNESS	7.1 ± 0.3 μm
INK THICKNESS	2.8 ± 0.2 μm
ELECTROSTATIC	≤ 0.06 Kv
OPTICAL DENSITY	≥ 1.82 D
INK MELT POINT	60°C

RECOMMENDED SUBSTRATES (PRINT MATERIALS):  
Art paper, coated and uncoated paper,  
tag stocks and vellums.

## PROVEN CONSISTENCY AND QUALITY
