COMPANY PROFILE

SUSTAINABILITY

Paths to a Lighter Footprint

This is the golden thread that runs through everything we do. We believe in having a light footprint – and helping our customers to do the same. This is reflected in our commitment to servicing and repairing existing technology, rather than always looking to replace. We have developed significant expertise in devising and integrating low-energy, minimal-waste solutions.

Our enhanced sustainability solutions are backed by our international principals and their world-class technologies.

01 WELCOME

DRIVING THE BEST POSSIBLE OUTCOMES FOR YOU

Kemtek has been evolving for over 36 years as part of our constant drive to deliver the best possible outcomes to our customers.

We have grown from being an equipment supplier into a trusted, multifaceted technology solutions partner.

Working with our principals, among whom you'll find world-class, innovative OEMs, we have pivoted our business to focus on several key areas: Auto ID Solutions, Labelling Solutions, Digital Print Solutions, Digital Finishing Solutions, Large Format Printing Solutions, Office & Creative Products, and Additive Manufacturing Technology.

OUR PREMISES: PRIME LOCATIONS FOR EFFICIENT & SEAMLESS SERVICE DELIVERY

The Kemtek Head Office is ideally located in Midrand, Gauteng. An ever-growing and vibrant business hub, the Midrand region positions Kemtek strategically between the vital commercial powerhouses of Johannesburg and Pretoria, enhancing our capabilities and allowing us to better serve our customers.

Our Distribution and Service Centre is situated in Germiston, one of Africa's largest manufacturing, trucking and railway hubs.

Furthermore, our national footprint enables us to service and support our regions countrywide, and beyond, via our offices in Cape Town, Durban and Gqeberha.

02 OUR SOLUTIONS

Argox / Bartender / CipherLab / Datalogic / Digital Persona / Epson /
Godex / Honeywell / Ivanti / Posiflex / SATO

AUTO ID (AIDC) SOLUTIONS

Auto ID or AIDC (Automatic Identification & Data Capture) solutions such as bar coding, RFID and related technologies are essential in our modern world, and touch on every aspect of our lives including what we eat, our mobility, and how we manage our health. Increased digitisation and the growing role of remote transactions are driving exciting data identification, capture and entering developments.

We support the following sectors with hardware and consumables: agriculture and food production (traceability); logistics (order picking and fulfilment); healthcare (patient and sample management); retail (stock management solutions); plus access control, enhanced mobility and ruggedised devices, adaptive manufacturing, security, tracking, mining and social distancing solutions.

THERMAL TRANSFER RIBBONS SOLUTIONS

Kemtek converts wide thermal transfer ribbon (TTR) stock under the ThermoPro brand to the correct specifications for all makes and models of TTR labelling and printing machines, including Argox, Godex, Honeywell, SATO and all other TTR printer brands available in our market.

We offer both premium and superior ranges of ribbons in our ThermoPro brand, including Near-Edge Resin (for near-edge and corner-edge printers), Resin, Wax, Wax Resin, Washcare Resin and Hot Stamping Foil. Colours include red, blue, green, yellow orange and black. Available core sizes range from 13mm to 25mm.

PRINT SOLUTIONS

INDUSTRIAL PRINT SOLUTIONS

As the long-standing sole distributor for HP Indigo in South Africa (as well as other OEMs) within the print technology sector in South Africa, Kemtek is at the forefront of the digital printing revolution, enabling print service providers and converters to explore new business opportunities and revenue streams, and providing brands and creative agencies with expanded communications options.

From short print runs to variable information printing and mass customisation, Kemtek is your trusted digital print solutions partner. We can help you integrate digital printing presses with your legacy systems.

We provide and support a range of HP Indigo digital presses for print services providers across a diverse array of markets, namely digital packaging and folding carton production (HP Indigo 35K),

flexible packaging (HP Indigo 6K, 25K & 200K), digital labelling (HP Indigo 6K & 25K, narrow-web labels V12) and general commercial printing (GCP) (HP Indigo 7K, 18K & 120K).

PRINT FINISHING SOLUTIONS

We also provide finishing solutions that enable you to expand your product offering and grow your business.

These solutions include products from Brotech, Duplo and Scodix. Between them, these products can produce any number of finishes, enhancements and embellishments, from foiling, varnishing, metallics, lamination, spot and glitter, to full-rotary and semi-rotary die-cutting, slitting, gluing and more.

Brotech Digital Graphics

Brotech's digital finishing equipment solutions includes a wide range of applications from simple UV coating, cold foil, and lamination to more complex solutions.

Duplo International Print Finishing Solutions

Kemtek supplies a wide variety of Duplo modular finishing solutions, including slitters, cutters & creasers, the DuSense Print Embellishment Range and Direct Marketing Collation Systems, as well as binders and folders.

Scodix Embellishment Solutions

Scodix offers some of the world's most advanced digital embellishment solution for the printing industry. Their sustainable print embellishment solutions are utilized by global leaders in packaging, commercial, publishing, and web-to-print printing.

EPSON LARGE FORMAT AND WIDE FORMAT PRINTING SOLUTIONS

Kemtek has partnered with Epson to unlock the potential of high quality, precision printing outcomes through their large format and wide format printers.

These machines deliver exceptional colour register and high productivity. The range comprises the Solvent (R-Series), Photographic & Proofing (P-Series), and Technical & Cad (T-Series) printers, for a variety of users, from printshops, signage firms, ad agencies and events companies, to architects, engineers and educators.

A number of models are available from Kemtek, including 36-inch entry-

level machines with integrated scanners and copiers, to more advanced 44-inch commercial LFPs for larger printing concerns.

Kemtek's large format printing solutions also includes Summa vinyl cutters and Aristo high-speed computer-controlled cutting tables and flatbed plotters.

Caldera Digital LFP Software

Caldera is a French software company developing solutions for the large format printing industry, empowering digital printing professionals since 1991. Over 15,000 print service providers around the world rely on Caldera to increase their productivity.

ARISTO CUTTING TABLES AND FINISHING SOLUTIONS

Kemtek's large format printing solutions also includes Aristo high-speed computer-controlled cutting tables and flatbed plotters, & Summa vinyl cutters.

ARISTO Cutting Solutions

As a leading manufacturer of large format, computer-controlled flatbed cutters for CAD / CAM processing of stiff or pliable material, ARISTO solves the world's most demanding cutting tasks precisely and reliably.

The numerous applications of ARISTO cutters enable high quality die- or kiss-cutting, creasing, scoring, punching, milling or labelling a variety of materials.

ARISTO equipment can process high-precision sealing material, cardboards and cardboard boxes, foils, foams, laminates, technical fabrics, wood, hardboard and non-ferrous metals.

Summa Vinyl Cutters

Finish your applications to the highest standards with our range of innovative vinyl cutters and contour cutters from Summa. With future-proof features at your command these cutters are designed to grow with your business.

LABELLING SOLUTIONS

Labels bring simplicity and organisation to complex, dynamic situations – whether in the workplace or at home. As a distributor for Brother International South Africa products (labelling technology, mobile printers, and ScanNCut), Kemtek delivers efficiency solutions that save people time and money.

We actively engage with an authorised network of professional resellers on scales ranging from hobbyists and SMMEs through to industrial enterprises, datacentres and large corporate entities. By providing B2B solutions to resellers and B2C solutions via Brother retailers, we support people working in industry, mining, professional services and education, among other sectors.

In support of these labelling products and systems, Kemtek also provides an extensive range of Brother consumables in the shape of TZe tapes. Brother laminated TZe tapes are specifically designed for the P-touch range of label printers and have been tested to withstand harsh everyday wear and tear. Available in 4 different colours, this 24mm adhesive tape allows users to go even bigger and brighter when labelling flat, smooth surfaces.

HPRT

CREATIVE PRODUCTS SOLUTIONS

HPRT's compact and innovative products meet consumer demand for handy label and photo printers that are not only portable and simple to use, but combine pleasing modern designs with sustainable credentials.

The HPRT H11 Powder Box is a compact portable label printer with an exquisite aesthetic design.

This is an ink-free thermal printer with Bluetooth connection for label printing anywhere, at any time.

The HPRT MT53 is a mini photo printer with impressive print speed. Its high-resolution printing capabilities deliver sharp, detailed photo prints, while its pocket-sized portability makes it the perfect companion for on-the-go printing.

The HPRT CP4000L compact photo printer delivers professional-grade, durable prints in high-resolution with vivid colour. Its advanced "HeyPhoto" app, intuitive controls and versatility provide a seamless print experience for home and professional use.

A woman with dark skin and a purple headscarf is the central figure. Her face is partially obscured by large white text. The background is dark with green digital circuitry lines and glowing green dots. A butterfly is visible in the bottom right corner.

OUR PROMISE TO YOU

THE CORNERSTONES OF KEMTEK'S BUSINESS VALUES

RELATIONSHIPS

We invest heavily in developing and nurturing relationships with all our stakeholders through solving problems and adding value. At the same time, we empower our people to build rewarding careers in the solutions industry.

COLLABORATION

We take the time to understand your business priorities, and the strategies you've devised to attain them. We can then recommend solutions aligned with your growth and transformation priorities.

WORLD-CLASS TECHNOLOGY

Thanks to our sole distributor status with leading manufacturers and suppliers, we have priority access to the solutions and expertise you need to take your business to the next level.

INNOVATION

The evolution of Kemtek is a story of continuous innovation. We have remained curious about the systems and approaches that can allow us to enhance our solutions offering and help our customers grow.

EXCELLENCE

We strive for excellence in everything we do – and in empowering our customers to deliver outstanding outcomes to their own customers through the provision of industry- leading innovations.

SERVICE AND SUPPORT

At Kemtek, the sale is just the start. As a Kemtek customer, you'll benefit from our superlative after-sales service and technical support offerings, carried out by factory-trained and qualified technicians in our regions. We also continue to develop our remote solutions capabilities.

This focus on building durable and long-lasting working relationships through attention to every service detail from day one is in line with our overall aim of "growth": growth for partners and customers, for the Kemtek team and for the industries that we serve.
